

AI India EXPO 2026

Driving Business Growth with Artificial Intelligence

International Exhibition on All Sector Applications of Artificial Intelligence, Drone, Robotics, 3D Printing, Automation & Allied Industries

10-12 December 2026
Jio World Convention Centre,
Mumbai, India

FOCUS AREAS:

- Machine Learning & Deep Learning
Generative AI
- Robotics & Automation
- AI in Healthcare, Finance, Education, Manufacturing
- Ethical & Responsible AI
- Data, Cloud & AI Infrastructure

ORGANIZED BY

AI India EXPO 2026

AI India Expo 2026 is a platform for the next-generation technologies and innovations from the world of Artificial Intelligence & an opportunity to showcase the technologies, equipment's, services and explore and discover the practical and successful implementation of AI in driving forward for the business growth and seeks to highlight the true scientific reality, technological potential, and sociocultural implications of AI in the modern world Also includes such aspects as AI and creativity or the future of mobility. The Expo will provide you with quality service with professional spirit and concept.

AI India Expo offers an overview of the current state-of-the-science when it comes to AI and robots, suggests where the technology is heading, and explores what this all might mean for humanity & we can think more about the impact and influence of AI on our current and future world.

Industry Overview

India's AI industry is growing rapidly, driven by a large digital population, low data costs, and a strong IT services ecosystem, with AI expected to add around \$450–500 billion to India's GDP by 2030. The government plays a key enabling role through initiatives led by NITI Aayog, the India AI Mission, and the country's digital public infrastructure such as Aadhaar and UPI, which together create large-scale, AI-ready platforms. India's strengths lie in applied and enterprise AI adoption across sectors like IT services, BFSI, healthcare, agriculture, and retail, supported by major firms such as TCS, Infosys, and Wipro, as well as a fast-growing startup ecosystem focused on multilingual AI, fintech, and health tech. While India has a deep pool of engineering talent and cost advantages, it still faces challenges in advanced AI research, access to high-end compute, and semiconductor independence. Overall, India is positioning itself not as a leader in frontier AI model creation, but as a global leader in scalable, affordable, and inclusive AI deployment at population scale.

Various factors such as growth of data-based AI and advancement in deep learning and need to achieve

robotic autonomy to stay competitive in a global market are expected to drive the adoption of the AI solutions and services. The industry has encouraged new applications and technological developments within the sector. Technology giants such as Microsoft, Google, Apple, Amazon, and Facebook are taking initiatives related to remote communications between patients and clinicians, contact tracing, and drug development, various companies experienced significant increase in pressure from customers, the demand for conversational AI has been increasing to the forefront of technology enablers. Besides the healthcare sector, AI has been revolutionizing various industries to uphold business resilience. The education sector started using AI, while even online education start-ups began to offer personalized services in line with the needs and specific requirements of the students. AI-powered machines also enabled educators in several ways, such as tracking student performances, identifying gaps in teaching techniques, and automating mundane administrative tasks.

A futuristic graphic featuring a robotic hand on the left, a human hand on the right, and a central glowing AI chip icon surrounded by a network of nodes and lines. Various icons like a brain, a robot head, and a globe are scattered around the network.

AI INDIA EXPO VISION

To create a global platform that inspires innovation, fosters collaboration, and empowers society to harness artificial intelligence responsibly for a smarter, more inclusive, and sustainable future.

Exhibitor Profile

- Artificial Intelligence Applications and Innovations
- Artificial Intelligence Technology
- AI Product & Solutions
- Big Data, Cloud Computing & Data Processing
- Automation
- Chipset Manufacturers
- Robotic Technology.
- Robotic Process Automation
- Robot Parts & Components
- Robot Application & Software
- Drones and Unmanned Systems Manufacturers
- Drone Manufacturing Equipment's & Technology
- GPS and Geospatial Solutions
- CCTV Manufacturers & Suppliers
- Drone designers
- IT Solutions
- Internet of Things (IoT)
- Telecommunication
- Cyber Security & Surveillance
- Software Solutions
- Quality & Monitoring Control Systems
- 3D Printing Machines and Technologies
- AI Startups & Innovators
- Investors & Venture Capital Firms
- Trade Associations
- Bank & Financial Institutions
- Trade Media
- Education, Research and Training Institute

Benefits of Participation:

- Meet high quality prospects and decision Makers
- Brand Building opportunity among the industry
- Direct interaction with industry suppliers, buyers, and distributors
- Find out the latest technologies, products, and services
- New import & export opportunity
- Net work with Industry professionals
- A platform to launch new products
- Explore Joint venture & partnerships

Visitor Profile

- Mult Industry Manufacturer
- All Service Sectors
- AI Industry Professionals
- Banking, financial services and insurance (BFSI)
- Retail and eCommerce
- Telecommunication and IT
- Healthcare and Life Sciences
- Automotive and Automobile Industry
- Défense Sector Energy and Utilities
- Space Research Organizations
- Education, Media, and Entertainment
- Travel and Hospitality
- Bureaucrats & Technologists
- Students & Learners
- Business & Enterprise Leaders
- Startups & Founders
- Investors & Venture Capitalists
- Government & Policy Makers
- Academics & Researchers
- IT Professionals
- Trade Associations
- Municipality & Development Authorities
- Government Agencies
- Builder & Developers
- Retailers & Hypermarkets
- Print, Social & Electronic Media

EVENT HIGHLIGHTS

- **International conferences, technical Seminars, Policy Dialogues & Knowledge Program**
- **Startup innovation pavilion**
- **Networking & partnership meetings**
- **Industry Awards**
- **Country Pavilions**
- **State Pavilions**
- **Training workshops, Mock Drills & Live Demonstration**

AI

AI Business Forum 2026

THEME: Turning Artificial Intelligence into Business Advantage

The AI Business Forum is a leadership-focused conference designed to help organizations strategically adopt, scale and govern AI to achieve real business outcomes.

TOPICS

- Vision & Future of AI Innovation
- AI Trends Shaping Our World: From Research to Impact
- AI Strategy for CEOs: From Vision to Execution
- Growth, ROI & Value Creation
- Intelligent Automation for Business Efficiency
- AI in Manufacturing & Industry
- AI in Finance & FinTech: Risk, Fraud & Growth
- AI in Healthcare: Efficiency, Outcomes & Cost Reduction
- AI in Retail & E-Commerce: Personalization & Demand Forecasting
- AI in HR: Talent Analytics & Workforce Transformation
- AI in Marketing & Sales: Personalization at Scale
- Generative AI for Business
- Cloud, Edge & AI data Infrastructure for Enterprises
- AI in Supply Chain & Operations
- Upskilling the Workforce for AI
- Startups, Innovation & Investment

AI EXCELLENCE AWARDS 2026

**Celebrating
Excellence,
Innovation
& Impact
in Artificial
Intelligence**

AI Excellence Awards are instituted to recognize organizations, startups, researchers, and individuals driving transformative AI innovation, ethical leadership, and real-world impact across industries.

Award Categories

- AI Innovation of the Year
- Best Use of Generative AI
- AI Startup of the Year
- Emerging AI Company
- Outstanding AI Innovation in Healthcare
- Best AI Application in Healthcare
- Best AI Application in Finance & FinTech
- Best AI Application in Education Sector
- Best AI Application in Retail & E-Commerce
- Outstanding AI Innovation in Manufacturing & Automation
- AI Leader of the Year
- AI Researcher of the Year
- Women in AI Leadership
- Young AI Innovator
- Best Human-Centered AI Design
- Best AI Customer Experience
- Most Scalable AI Solution

Our Forthcoming EVENTS

04-05-06 JUNE, 2026 | India Expo Centre
Greater Noida, U.P., India

04-06 JUNE, 2026

India Expo Centre
Greater Noida, U.P., India

07-08-09 JULY 2026

Bombay Exhibition Centre, Mumbai, India

23-24-25 JULY, 2026

India Expo Centre, Greater Noida, U.P., India

20-21-22 AUGUST, 2026

Bharat Mandapam, Pragati Maidan, New Delhi, India

01-02-03 SEPTEMBER, 2026

India Expo Centre, Greater Noida, U.P., India

JANUARY 2027

World Trade Centre, Mumbai,
Maharashtra, India

JANUARY 2027

Helipad Exhibition Centre (HEC)
Gandhinagar Gujarat, India

ABOUT ORGANIZERS

INDIAN INSTITUTE OF ARTIFICIAL INTELLIGENCE

Indian Institute of Artificial Intelligence (IIAI) is a registered, industry-focused organization representing the Artificial Intelligence ecosystem in India, committed to advancing AI adoption, skill development, education, and responsible innovation. IIAI works at the intersection of industry, academia, startups, professionals, and government to strengthen collaboration, workforce readiness, and innovation-led growth across sectors. The institute delivers high-quality Artificial Intelligence education and training—spanning Artificial Intelligence, Machine Learning, Data Science, Robotics, Generative AI, Automation, conversational AI, and data-driven decision-making—through industry-leading experts, with a strong emphasis on practical, hands-on learning aligned to real-world business and technology needs. As an industry association and representative body, IIAI facilitates industry-led standards, certification frameworks, policy advocacy, and structured dialogue with government and regulatory institutions on AI education, skilling, ethics, employment readiness, and digital transformation. Through structured training programs, industry partnerships, knowledge exchange, and ecosystem-building initiatives, IIAI supports emerging AI enterprises, bridges current and future skill gaps, enables organizations to access industry-ready AI talent, and empowers Indian and global youth, students, and working professionals with future-ready skills, contributing to a sustainable, inclusive, and globally competitive AI workforce while positioning India as a trusted hub for applied, scalable, and responsible artificial intelligence.

INDIAN EXHIBITION SERVICES (IES)

Indian Exhibition Services (IES) is a leading Exhibition organizing company in India. That has been involved for the last several years in trade promotion activities like exhibitions, seminar & conferences, buyer seller meets in India and abroad. IES major initiatives are Sport India Expo, Fitness India, Rehab India Expo, Sport India Conference, Sports Goods Manufacturers Forum, Sport India Infrastructure Summit, Sport India Fashion Show, World Environment Expo, Greenovation – International Green Building Technology Expo, Biodegradable Expo, World Environment Conference, EV India Expo, E- Charge Forum, India Buildtech, Gas India Expo, NGV India Expo, World Gas Summit etc.

IES is engaged in national and international trade promotion and provide business platform to the corporates, industrialist, and small-scale industry to promote their products through the buyer seller meets & trade exhibitions with the aim to create a bridge between buyers and suppliers.
